

S.E. SMITH & SONS  
MILLWORK

---

## TO OUR CUSTOMERS: THANK YOU!

---

Our mission at S.E. Smith & Sons centers on you, our customer. We work to deliver the highest quality and consistent product in a timely manner to meet our customers' needs at a fair price.

**QUALITY + CONSISTENCY + TIMELY + FAIR PRICE**

To achieve our mission, S.E. Smith & Sons continuously monitors the fluctuations in quality and price of our hardwoods. Unfortunately, consistency is not a top priority for many sawmills and grading bureaus in the United States. So we add value by narrowing this consistency gap; we vet our suppliers, analyze and track quality issues, and work with our vendors to find the highest quality hardwoods available. Our customers can rest assured that S.E. Smith & Sons is working to find the best product at the most competitive price.

Further, S.E. Smith & Sons is investing for the future. We have purchased cutting edge technologies to make our production process more efficient, consistent and competitive. An additional part of this investment includes this catalog. This catalog was designed to give you, our customers, an idea of the large variety of products available. If you don't see the items you are looking for please call us at 402-426-3343. We are constantly adding new items and may have what you need. If not, we will order the proper knife and locate them for you. Thank you for your business!

## A QUICK NOTE ABOUT THIS CATALOG

---

Do not be intimidated by this catalog. Yes, there are hundreds of pages of mouldings and you may feel as though you are searching for the proverbial needle in a haystack. However, we have worked diligently to make the catalog user friendly. The catalog is separated into four sections: Base, Casing, Crown and Other Mouldings. Moreover, each section is further categorized by profile size and style. If you do not see your desired moulding in these pages, do not despair, in most cases we can order the knives necessary to make what you need. Our number is 402-426-3343 and we would be happy to help.
